

PERMISSIVE ACCESS

Using the permissive paths and the minor roads, circular routes of varying lengths can be made. Two types of energy crops are grown on the farm, miscanthus and short rotation coppice willow. When the energy crop is being harvested a diversion may be offered. Look out for tree sparrows and lapwing on the farm. In June & July the recreated chalk grassland at the top of the cliff edge should be in flower.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes as managed by Natural England, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Countryside Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends on 30th September 2019.

For access related queries please call the Environmental Stewardship Permissive Access Team on 01902 693218 (Office Hours).
For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
